**APPENDIX D**  
**MINIMUM REQUIREMENTS FOR DEVELOPMENTAL RESOURCES**

This Minimum Requirements for Developmental Resources sets forth certain minimum requirements that a new-build, or Developmental Resource, must satisfy in the RFP (the “Minimum Requirements”). The Minimum Requirements are specified in the chart below, and are in addition to other RFP requirements that a Bidder in the RFP must satisfy. The Minimum Requirements are designed to ensure that a Developmental Resource offered in a proposal submitted into the RFP is developed to a degree meriting detailed, full-scale evaluation by the appropriate RFP evaluation teams and potential selection of the resource. Bidders are advised that the RFP seeks information from each Bidder related to the Developmental Resource(s) included in its proposal(s) that significantly exceeds the information necessary for its proposal(s) to meet the Minimum Requirements. Bidders are further advised that satisfaction of the Minimum Requirements does not ensure that a proposal will be eligible for participation in the RFP; other RFP eligibility requirements, to be specified in the RFP, must also be met.

| <b>Criterion</b>  | <b>Minimum Requirement</b>              | <b>Information Required to Evaluate Proposals against the Minimum Requirements</b>  |
|-------------------|---|---|
| Project Overview  | Complete project description.           | Bidder must provide a reasonably thorough and accurate summary description of the project, including, but not limited to, the proposed location, site description, generation technology, major equipment, design basis, water source(s), fuel supply and transportation sources, plan for engineering, procurement, and construction, environmental compliance, and permitting, status of interconnection and non-standard project components/considerations, as well as a summary of the work completed on each of the Minimum Requirements. The provision of information in the summary description does not limit the requirement for Bidder to provide the information sought below. |
| Bidder Experience | Bidder or Seller must have completed at | Bidder must provide a summary that includes the key   |

The statements contained in this Appendix D are made subject to the Reservation of Rights set forth in Appendix E of the RFP and the terms and acknowledgements set forth in the Proposal Submission Agreement.

**APPENDIX D**  
**MINIMUM REQUIREMENTS FOR DEVELOPMENTAL RESOURCES**

| Criterion           | Minimum Requirement  | Information Required to Evaluate Proposals against the Minimum Requirements  |
|---------------------|--|--|
|                     | least one (1) utility-scale project with the generation technology to be offered in Bidder's proposal ( <i>e.g.</i> , one utility-scale CCGT project) and have project team members who, in the aggregate, have had direct responsibility for the development of at least three (3) completed utility-scale projects, regardless of generation technology. | project team members, their relationship to Bidder ( <i>e.g.</i> , employee of Bidder or Bidder parent), their backgrounds, current title/position, and development experience, and a description or list of relevant projects they and Bidder or Seller have completed.   |
| Project Development | Bidder must provide reasonable evidence that project development for the proposed resource is beyond the conceptual phase for design, engineering, and plan for execution.   | <ul style="list-style-type: none"> <li>○ <i>Engineering</i>: Bidder must provide reasonable evidence that the project has been translated from the screening and planning phase of development into a project definition of sufficient detail and quality to ensure the efficient progression of detailed engineering and procurement if the project is selected.</li> <li>○ <i>Cost Estimate</i>: Bidder must provide reasonable evidence that its project cost estimate is based on front-end engineering from a qualified external and/or internal source that supports a Class 3 (as defined by AACE standards) cost estimate (-20% to +30%). At a minimum, the cost estimate should account for the following: <ul style="list-style-type: none"> <li>i) mechanical and electrical equipment;</li> <li>ii) instrumentation and controls;</li> <li>iii) piping;</li> <li>iv) misc. buildings;</li> </ul> </li> </ul> |

The statements contained in this Appendix D are made subject to the Reservation of Rights set forth in Appendix E of the RFP and the terms and acknowledgements set forth in the Proposal Submission Agreement.

**APPENDIX D**  
**MINIMUM REQUIREMENTS FOR DEVELOPMENTAL RESOURCES**

| Criterion | Minimum Requirement | Information Required to Evaluate Proposals against the Minimum Requirements   |
|-----------|---------------------|---|
|           |                     | <p>v) structural steel;<br/> vi) site work and foundations;<br/> vii) retrofit allowance (if applicable);<br/> viii) sales tax;<br/> ix) engineering costs;<br/> x) indirect costs;<br/> xi) spare parts;<br/> xii) escalation;<br/> xiii) construction financing costs;<br/> xiv) fuel handling and storage equipment; <u>and</u><br/> xv) any other category not listed here and reasonably expected to be included for the proposed technology.</p> <p><i>Project Schedule:</i> Bidder must provide, at a minimum, a Level 2 (as defined by AACE standards) project schedule that supports all aspects of project execution, including development, design, engineering, financing, procurement, permitting, interconnection, construction, and testing, and project support materials that, along with the information provided in response to ESI's due diligence questions in the RFP, demonstrate Bidder's (or Seller's) capability to meet the date by which commercial operation of the Developmental Resource is guaranteed by Bidder to have occurred and related project milestones for the proposed resource (financial closing, partial and full notices to proceed for major project contractors, applications for and</p> |

The statements contained in this Appendix D are made subject to the Reservation of Rights set forth in Appendix E of the RFP and the terms and acknowledgements set forth in the Proposal Submission Agreement.

## APPENDIX D MINIMUM REQUIREMENTS FOR DEVELOPMENTAL RESOURCES

| Criterion                           | Minimum Requirement   | Information Required to Evaluate Proposals against the Minimum Requirements  |
|-------------------------------------|---|--|
|                                     |   | receipt of major permits, major equipment deliveries, foundation pours, completion of gas, power, water, wastewater, and other material interconnections, etc.).   |
| Certain Required Project Attributes | <p><b>Technology:</b> Commercially-proven CCGT technology.<sup>1</sup></p> <p><b>Developmental Resource:</b> Single integrated plant.</p> <p><b>Minimum Size:</b> 650 MW (summer conditions (97° Fahrenheit and 56% relative humidity (<u>“Summer Conditions”</u>)), at full load, including duct- firing).</p> | <p>Bidder must identify the original equipment manufacturers of the major equipment being proposed and detail the (technology-based) operating parameters of each generating unit comprising the Developmental Resource (e.g., net electrical generating capacity, net heat rate, and operating ranges at Summer Conditions, maximum ramp rates, start times (cold, warm, and hot), start restrictions (if any), minimum dispatch levels, and minimum down times) and the Developmental Resource as a whole.</p> <p>Note: For any power purchase or tolling agreement arising out of the RFP, EGSL and/or ELL intends to have the flexibility to schedule and dispatch the Developmental Resource as if the resource were its own generation resource having the same or similar type of generation technology. To ensure clarity, the RFP will not permit a</p> |

<sup>1</sup> For the RFP, commercially-proven technology is technology that ESI determines has, as of June 24, 2015 (the date the initial draft of Appendix D was submitted as part of the Companies’ required advanced notification of the RFP to the LPSC), a sufficient amount of operational and performance data and information demonstrating, to ESI’s satisfaction, (i) sustained, reliable, and otherwise acceptable performance in the CCGT configuration proposed and (ii) the CCGT technology’s suitability for service in the resource’s intended roles as an EGSL/ELL resource, as described in Section 1.9 of the Main Body and Appendix D to this RFP. Examples of CCGT technology determined not to be Commercially-Proven CCGT Technology for this RFP include General Electric “7HA” technology and Mitsubishi “JAC” technology. If a Bidder is unclear whether a CCGT generation technology that Bidder intends to or may propose in the RFP is commercially-proven technology for purposes of the RFP, Bidder may submit a request to ESI and the Independent Monitor seeking the desired clarification and ESI will answer the request. Bidder may be required to supply information concerning the subject CCGT technology and potential Developmental Resource to ESI and the Independent Monitor to assist ESI in the development of its answer.

The statements contained in this Appendix D are made subject to the Reservation of Rights set forth in Appendix E of the RFP and the terms and acknowledgements set forth in the Proposal Submission Agreement.

# **APPENDIX D** **MINIMUM REQUIREMENTS FOR DEVELOPMENTAL RESOURCES**

| Criterion        | Minimum Requirement   | Information Required to Evaluate Proposals against the Minimum Requirements   |
|------------------|---|---|
|                  | <p><b>Maximum Size:</b> 1,000 MW (Summer Conditions, at full load, including duct-firing).<sup>2</sup></p> <p><b>Net Unit Heat Rate at Summer Conditions:</b> No greater than 7,000 Btu/kWh (HHV) at full output, without duct-firing.</p> <p><b>AGC:</b> Required.</p> <p><b>Steam Injection for Power Augmentation:</b> Not permitted.<sup>3</sup></p> <p><b>Heat Rejection Systems, including the main condenser and mechanical draft cooling tower:</b> Must be sufficiently sized to allow continued operation of all combustion turbines in the event of a steam turbine trip.</p> <p><b>Joint Ownership (Acquisition Resources Only):</b> Not permitted.</p> | <p>system sale from multiple resources.</p> <p>For additional resource design and operating requirements Bidder must satisfy, please see Sections 2.7 and 3 of the Main Body.</p> |
| Project Location | The resource must be electrically interconnected directly to EGSL (or,  | <ul style="list-style-type: none"> <li>○ The resource must be interconnected at a transmission (as opposed to distribution) level.</li> </ul>                                     |

<sup>2</sup> Subject to the terms of the RFP, for PPAs and Tolls from Developmental Resources, the maximum amount of generating capacity to be made available for purchase by Buyer from the Developmental Resource is 1,000 MW (Summer Conditions, at full load, including duct-firing); however, in such case, the maximum size of the Developmental Resource is not limited to 1,000 MW (Summer Conditions, at full load, including duct-firing).

<sup>3</sup> Inlet evaporative cooling is not power augmentation for purposes of the RFP.

The statements contained in this Appendix D are made subject to the Reservation of Rights set forth in Appendix E of the RFP and the terms and acknowledgements set forth in the Proposal Submission Agreement.

**APPENDIX D**  
**MINIMUM REQUIREMENTS FOR DEVELOPMENTAL RESOURCES**

| Criterion    | Minimum Requirement  | Information Required to Evaluate Proposals against the Minimum Requirements   |
|--------------|--|---|
|              | after consummation of the pending business combination, Entergy Louisiana, LLC) within the WOTAB planning region. Please see Attachment 1 below for a map of EGSL's service area in WOTAB (indicated in red), with the Lake Charles area indicated in light blue. <sup>4</sup>   | <ul style="list-style-type: none"> <li>○ Bidder must include a map and plat of the project location.</li> </ul>   |
| Site Control | Bidder must show that Seller (or an affiliate under Seller's control) has control of the site on which the project would be located <u>or</u> has a valid, binding, and enforceable contract to obtain control of the project site for the full delivery term proposed by Bidder or the expected useful life of the resource. A letter of intent, memorandum of understanding, or other similar document contemplating the subsequent negotiation of a definitive agreement, in each case regarding Bidder's control of the project site, will not satisfy the | <ul style="list-style-type: none"> <li>○ Bidder should provide a redacted copy of the definitive agreements or documents establishing the requisite site control.</li> <li>○ Bidder must provide its own project site. EGSL and ELL will not offer to third-party bidders the use or control of any potential project site that EGSL and ELL owns or controls.</li> </ul> |

<sup>4</sup> If a Bidder is unclear whether a Developmental Resource that Bidder intends to or may propose in the RFP would be located within WOTAB, Bidder may request that ESI advise Bidder whether the Developmental Resource is within WOTAB and ESI will answer the request. Please see Sections 1.5, 1.6, and 7.1 of the Main Body for information regarding the submission of questions about the RFP to ESI and the Independent Monitor. Bidder may be required to provide information concerning the location and planned interconnections of the Developmental Resource and other relevant information to assist ESI in the development of its answer.

The statements contained in this Appendix D are made subject to the Reservation of Rights set forth in Appendix E of the RFP and the terms and acknowledgements set forth in the Proposal Submission Agreement.

**APPENDIX D**  
**MINIMUM REQUIREMENTS FOR DEVELOPMENTAL RESOURCES**

| <b>Criterion</b> | <b>Minimum Requirement</b>          | <b>Information Required to Evaluate Proposals against the Minimum Requirements</b> |

|                             | water, and provide reasonable support for the viability of the plan.  | chemical or physical treatment requirements, and any reasonable available water supply and treatment alternatives. Bidder must also describe its wastewater disposal plan, which should include reasonable descriptions of the source(s) and type(s) of wastewater to be disposed of and the means and manner of disposal.   |
| Project Structure & Finance | Bidder must have a viable plan for project structure and financing that is supported by recent experience and/or market intelligence. | <ul style="list-style-type: none"> <li>○ Bidder must describe the plan to finance the project, including a detailed description of any application for publicly subsidized loans, debt guarantees, tax relief, bonds, or other public funding.</li> <li>○ Bidder must describe the projected ownership structure of the Developmental Resource prior to the delivery term commencement date or closing (as applicable) and, if proposing a power purchase or tolling agreement, after the delivery term commencement date.</li> <li>○ Bidder must be able to provide evidence of at least one recent successful project financing completed by Bidder, Seller, or the parent of Seller <u>or</u> that potential lenders have been engaged in initial, bona fide commercial discussions to ascertain interest, market conditions, and indicative terms.</li> <li>○ Bidder must describe how it intends to meet the applicable credit/collateral requirements specified in the RFP.</li> </ul> |

The statements contained in this Appendix D are made subject to the Reservation of Rights set forth in Appendix E of the RFP and the terms and acknowledgements set forth in the Proposal Submission Agreement.

## **APPENDIX D**

### **MINIMUM REQUIREMENTS FOR DEVELOPMENTAL RESOURCES**

Bidders that fail to meet one or more of the Minimum Requirements may be required, at ESI's election (in consultation with the Independent Monitor), to provide, or to have Seller provide, supplemental security (i) as a condition to continued participation in the RFP and (ii) to support any letter of intent entered into by Seller (or a party acting on its behalf) in connection with the RFP (see Section 6.2 of the Main Body and Appendix F). The security would be separate from, and in the case of clause (ii) above, incremental to, any letter of credit required to be posted in connection with clause (ii). The purpose of the enhanced collateral support would be to hedge the risk that Bidder (or Seller) will withdraw the proposal, will substantially change the material terms of the proposal, or will be unable or choose not to honor the terms of the proposal prior to completing the negotiation of a Definitive Agreement between Seller and the Buyer. The amount of the supplemental security would be determined by ESI on a case-by-case basis and would be dependent upon its assessment of the Minimum Requirements not satisfied by Bidder. ESI's assessment would take into consideration evidence provided by Bidder that it has been using, continues to use, and will continue to use good faith efforts to meet the Minimum Requirements that Bidder has failed to satisfy. The amount of supplemental security a Bidder may be required to post would not exceed \$5 million.

If called upon to post supplemental security, Bidder will have the option either to post (or have Seller post) the required amount of supplemental security or to withdraw the proposal(s) that failed to meet the Minimum Requirements from the RFP. The proposal(s) of any Bidder that posts the required amount of supplemental security according to the terms of the RFP will be allowed to remain in the RFP, subject to compliance with the other participatory terms of the RFP.

Supplemental security posted as a condition to continued participation in the RFP may be replaced with other security upon execution of a definitive agreement between Seller and Buyer. If Bidder is required to post supplemental security pursuant to clause (i) above and (a) is not selected for negotiation or potential negotiation of a definitive agreement with Buyer or (b) is selected but is subsequently released from its proposal(s) as allowed for in the RFP, the supplemental security will be returned to Bidder, subject to and in accordance with the terms of the RFP and the letter of credit. Buyer will have no obligation to return and may retain any and all funds drawn under the letter of credit in accordance with the terms thereof.

The statements contained in this Appendix D are made subject to the Reservation of Rights set forth in Appendix E of the RFP and the terms and acknowledgements set forth in the Proposal Submission Agreement.
