Notice of Release of Draft RFP Documents and Bidders Conference

Entergy Services, Inc. (ESI) has posted drafts of the 2016 Request for Proposals for Long-Term Renewable Generation Resources for Entergy Louisiana, LLC (2016 ELL Renewables RFP) documents on the website for the 2016 ELL Renewables RFP, <https://spofossil.energy.com/ENTRFP/SEND/2016ELLRenewableRFP/Index.htm>.

Potential bidders and other stakeholders will have the opportunity to comment on the draft documents. Under the current schedule for the 2016 ELL Renewables RFP, comments are due by 5:00 p.m. CPT on May 25, 2016. All comments should be submitted by email to the RFP Administrator at esirfp2@entergy.com.

The Louisiana Public Service Commission (“LPSC”) Staff has announced its intention to host a Technical Conference on the 2016 ELL Renewables RFP in early May 2016. ESI intends to hold a Bidders Conference immediately following the Technical Conference. Both conferences will be open to all interested participants or stakeholders in the 2016 ELL Renewables RFP. As noted in the draft RFP documents, bidders or other parties that plan to participate in the Technical Conference and/or the Bidders Conference must notify ESI by no later than April 27, 2016. Participation notices should be sent to the RFP Administrator by email to the email address referenced above and should include the name of the prospective participant and the name, title, and telephone number of each individual representing the participant.

Additional information about the webcast portion of the Technical Conference and Bidders Conference will be posted to the 2016 ELL Renewables RFP website prior to the conferences. Please monitor the 2016 ELL Renewables RFP website for further information about the 2016 ELL Renewables RFP.
