2021 ELL SOLAR RFP

Appendix F Credit/Collateral Requirements

This Appendix F contains a brief overview of the rules and processes for credit evaluations in the RFP, certain bidder registration and proposal submission requirements related to credit, and key credit support terms for any Definitive Agreement arising out of the RFP. The rules and procedures seek to assure, first, that Seller's credit quality, when considered in the context of a Bidder's proposal to ELL, complies with Entergy's corporate risk management standards for solar resource RFPs, and, second, that any requirement for material credit support associated with the proposal is made known to Bidder in advance and can be appropriately considered in the preparation and evaluation of the proposal. Bidders are advised that, as support for the second objective, and to help avoid protracted negotiations on credit support matters after proposal selection and reduce transaction execution risk, Section C significantly restricts Bidder's authority to take special exceptions to the terms of this Appendix F.

A. Requirements for Bidder Registration and Proposal Submission.

~~The RFP requires that a parent of Seller ("Seller Parent") sign each Transaction Agreement in the functional capacity as a guarantor or as an actual guarantor of Seller's payment obligations ("Seller Parent Guarantor"). In any model agreement provided with the RFP where Seller Parent is shown as signing in the functional capacity as a guarantor (e.g., the Model BOT Agreement), ELL reserves the right to require that Seller Parent Guarantor provide a separate payment guaranty satisfactory to ELL in lieu of Seller Parent Guarantor signing Transaction Agreements as a functional guarantor.~~

1. Basic Requirements. **As part of the Bidder Registration Process, Bidder is required to (i) identify the Seller Parent that it proposes to serve as Seller Parent Guarantor and (ii) provide the other provide the credit information regarding Seller and, if applicable (see Section A.2 below), the proposed Seller Parent Guarantor (defined below) that is requested, either in the Bidder Registration Form (attached to the Bidder Registration Agreement available on the 2021 ELL RFP Website) or in this Appendix F, to be provided at the bidder registration stage of the RFP process.** The information Bidder is required to provide at bidder registration includes, among other things:

- the most recent Published Credit Rating from S&P and Moody's of Bidder (or, if different from Bidder, Seller) and, if applicable, the proposed Seller Parent Guarantor, to the extent such a rating exists; and
- the annual audited financial statements for the past two (2) years and the current-year reviewed quarterly financial statements of Bidder (or, if different from Bidder, Seller) and, if applicable, the proposed Seller Parent Guarantor. ~~The Each~~ financial statement needs to include the auditor's opinion and notes to the financial statements, the balance sheet, the income statement, and the cash flow statement.

The statements contained in this RFP are made subject to the Reservation of Rights set forth in Appendix E of this RFP and the terms and acknowledgements set forth in the Proposal Submission Agreement.

Appendix F Credit/Collateral Requirements

Bidder must supply the information required to be provided at bidder registration in or with the Bidder Registration Form.

In addition, as part of the Proposal Submission Process, Bidder is required to include in the Proposal Package for each proposal (i) the credit information regarding Seller and, if applicable (see Section A.2 below), the proposed Seller Parent Guarantor that is requested, either in Section 6 of Appendix D to the RFP or in this Appendix F, to be provided in the Proposal Package and (ii) a fully completed certificate, in substantially the form attached hereto as Annex F-1, executed by a Treasury Officer (as defined in Section 5.1.6 of the Main Body), to be provided in response to item 6.5.2 in Appendix D.

If financial data and information of Bidder, Seller, or if applicable, the proposed Seller Parent Guarantor required to be provided in the Bidder Registration Form, Section 6 of Appendix D to ~~this~~the RFP, or this Appendix F are consolidated with that of another Person, all such data and information must be extracted and segregated from the consolidated data and information and included as a separate pdf document (as Attachment 1 to the Bidder Registration Form, if the data or information is required as part of the Bidder Registration Process, or as part of the Proposal Package, if the data or information is required as part of the Proposal Submission Process).

If Bidder fails to provide the requested information in a timely manner, the Credit Evaluation Team (“CET”) may be unable to factor into its evaluation of Bidder’s credit requirements for its proposal(s) certain reductions to Bidder’s liquid credit support obligations that otherwise may have been available to Bidder (see Section B.3 below). The loss of these reductions during the CET’s credit assessment process may adversely affect the evaluation of Bidder’s proposal(s).

2. Seller Parent Guaranty Assessment Information. As addressed in more detail in Section B below, the RFP requires Seller to post liquid credit support as security for its obligations under the Definitive Agreement and related Seller commitments. Seller may be able to reduce the amount of its required liquid credit support for a proposed transaction by providing a guaranty of Seller’s payment obligations under the Definitive Agreement and related Seller commitments (“Seller Parent Guaranty”). If Bidder desires to obtain, prior to the commencement of the Proposal Submission Period applicable to Bidder, the CET’s assessment and determination of the credit quality of a potential guarantor in the Seller Parent Guaranty (“Seller Parent Guarantor”) and the amount of the decrease, if any, in Seller’s required liquid credit support obligations based on such assessment, Bidder must (i) indicate in the Bidder Registration Form (row 19) for the proposal its interest in possibly providing a Seller Parent Guaranty, (ii) identify in such Bidder Registration Form (row 20) the proposed Seller Parent Guarantor for the proposed transaction, and (iii) include in the documentation to be provided by Bidder as part of the Bidder Registration Process for the proposal the other material and information relating to Seller Parent Guarantor that must be delivered by Bidder as part of the Bidder Registration Process for such proposal, as described in Section A.1 above. If Bidder

Appendix F Credit/Collateral Requirements

provides the information specified in clauses (i) - (iii) above as required, the CET will perform the credit assessment of Seller Parent Guarantor and communicate to Bidder the amount of the reduction, if any, in the required liquid credit support that Seller would receive if Seller provided the Seller Parent Guaranty, assuming no subsequent material change(s) affecting Seller Parent Guarantor's credit quality or eligibility for reduction. Please see Section B.3 below for additional information on the CET's process for determining liquid credit support reductions. If Bidder identifies a Seller Parent Guarantor in the Bidder Registration Form for a proposal, Bidder will be under no obligation to offer to provide a Seller Parent Guaranty at proposal submission.

B. Liquid Credit Support Requirements.

1. Form. ~~The~~As noted in Section A above, the Definitive Agreement will require Seller to provide liquid credit support for its obligations. For PPA transactions and for BOT transactions during the period from execution of the Definitive Agreement through the Closing, Seller will be required to post and maintain a letter of credit meeting the requirements of the RFP and the Definitive Agreement. For unaffiliated third party-financed BOT transactions during the period from and after the Closing, Seller may satisfy its liquid credit support obligations by, at its election, (i) letter of credit, (ii) cash holdback (where ELL withholds a portion of the purchase price from its Closing payment to Seller in lieu of a letter of credit), or (iii) some combination of both.

If Bidder submits a proposal for an unaffiliated third party-financed BOT transaction, Bidder must specify in the Proposal Submission Template which of the three permitted post-Closing liquid credit support options it has elected. If Bidder has elected to provide post-Closing liquid credit support for a BOT transaction through a combination of letter of credit and cash holdback, Bidder must also specify in the Proposal Submission Template the percentage that will come via letter of credit and the percentage from cash holdback (which must total to 100% of the post-Closing liquid credit support obligation). The percentage of post-Closing liquid credit support between cash holdback and letter of credit will be fixed for the entire period that Seller is obligated to provide post-Closing liquid credit support, except that Bidder may specify a different percentage of cash holdback and letter of credit for the period from the Closing through the Substantial Completion Payment Date than for the period after the Substantial Completion Payment Date.¹

Any letter of credit provided pursuant to the Definitive Agreement must be substantially similar to the form letter of credit attached as Annex F-2. In addition, the letter of credit must be issued and maintained during its term by a U.S. commercial bank or the U.S. branch office of a foreign bank that, in either case, has a Published Credit Rating of at least A- from S&P and A3 from Moody's and total assets of at least \$10 billion (an amount subject to periodic adjustment in

¹ This flexibility is included to assure that Bidders financing the project with unaffiliated third party funds have the flexibility to pay off the project's construction loan in full at the Closing.

PPA transactions, as set forth in the Model PPA). Seller may provide and have in effect at any given time up to two (2) conforming letters of credit to satisfy its letter of credit obligations to Buyer.

~~The liquid credit provided by Definitive Agreement may also require Seller to provide a PPA or BOT transaction will be in addition to the Seller Parent Guaranty contemplated by Section in addition to liquid credit support.² A of this Appendix F Seller Parent Guaranty will be required in the Definitive Agreement if Bidder has elected to provide and ELL has agreed to accept a Seller Parent Guaranty from the model contracts provided with the RFP specified Seller Parent Guarantor.~~

2. **Amount.** Seller will be required to provide liquid credit support within three (3) ~~business days~~ **Business Days** after execution of the Definitive Agreement. The amount of liquid credit support that Seller must provide during the term of the Definitive Agreement will be adjusted at various milestone dates, as specified in the Definitive Agreement. The tables below show key milestones for the liquid credit support requirement (each, a “**Letter of Credit Milestone**” (PPAs and BOT Agreements ~~throughup to~~ the Closing) or a “**Liquid Credit Support Milestone**” (BOT Agreements at and after the Closing)) and, subject to Section B.3 below and certain other exceptions set forth in the Definitive Agreement, the corresponding amount of the liquid credit support required to be in effect (each, the “**Required Letter of Credit Amount**” (PPAs and BOT Agreements ~~throughup to~~ the Closing) or the “**Required Liquid Credit Support Amount**” (BOT Agreements at and after the Closing)).

² In any model agreement provided with the RFP where Seller Parent is shown as signing in the functional capacity as a guarantor (e.g., the Model BOT Agreement), ELL reserves the right to require that Seller Parent Guarantor provide a separate payment guaranty satisfactory to ELL in lieu of Seller Parent Guarantor signing Transaction Agreements as a functional guarantor. Nothing in this footnote is intended to limit Bidder’s ability to elect not to provide a Seller Parent Guaranty for the proposed transaction.

Appendix F Credit/Collateral Requirements

3. Seller Parent Guaranty-Based Credit Support Reductions. The Required Letter of Credit Support Amounts and the Required Liquid Credit Support Amounts are subject to reduction based on the credit quality of Seller and Seller Parent Guarantor. In connection with the review of Bidder's registration of proposal(s), the CET will assess Seller's and, if a Seller Parent Guarantor is identified in the Bidder Registration Form(s) submitted by Bidder, Seller Parent Guarantor's creditworthiness. The CET will first determine whether Seller and, if applicable, Seller Parent Guarantor have any of the three following current public credit ratings (each, an "Eligible Agency Rating"):

- S&P's Long-Term Local Issuer credit rating
- Moody's Issuer rating
- Moody's Sr. Unsecured Debt rating.

If either Seller or, if applicable, Seller Parent Guarantor has one or more Eligible Agency Ratings, the CET will rely on the lowest credit rating from the Eligible Agency Ratings when assessing Seller's or Seller Parent Guarantor's creditworthiness and determining the amount of any reduction in the Required Letter of Credit Support Amounts and the Required Liquid Credit Support Amounts for the proposed transaction and any resulting Definitive Agreement. If there are no such Eligible Agency Ratings, the CET will evaluate Seller's or, if applicable, Seller Parent Guarantor's credit quality using credit information provided by Bidder in the RFP (see, e.g., Section A above, Section 6 of Appendix D), including in response to clarifying questions from the CET, or otherwise available to the CET and that the CET deems relevant to the credit assessment. The CET will also determine the total credit support exposure (including parent guarantees) of Buyer and its Affiliates to Seller and its Affiliates (including Seller Parent Guarantor) ("**Portfolio Exposure**") with and without the proposed transaction. The CET may conduct other analyses relevant to the credit evaluations and determinations contemplated by this Section B.3.

After completing its initial credit diligence, the CET will determine whether the credit quality of Seller or, if applicable, Seller Parent Guarantor is considered "Acceptable" for purposes of the RFP. An S&P Long-Term Local Issuer credit rating for Seller or Seller Parent Guarantor of BBB- or better and a Moody's Issuer rating or Moody's Sr. Unsecured Debt rating for Seller or Seller Parent Guarantor of Baa3 or better will be considered "Acceptable." The CET may conclude in its sole discretion that the credit quality of Seller or Seller Parent Guarantor is "Acceptable" even though the minimum S&P and Moody's criteria needed to ensure an "Acceptable" designation has not been satisfied.

If the CET determines that the credit quality of Seller or Seller Parent Guarantor is "Acceptable," the Required Letter of Credit Support Amounts and the Required Liquid Credit Support Amounts will be reduced as provided in Table 4 below, set forth in Table 4 below, provided Bidder actually delivers to ELL and maintains a Seller Parent Guaranty for the proposed transaction. If the CET determines that the credit quality of Seller or Seller Parent

The statements contained in this RFP are made subject to the Reservation of Rights set forth in Appendix E of this RFP and the terms and acknowledgements set forth in the Proposal Submission Agreement.

Appendix F Credit/Collateral Requirements

Guarantor is not “Acceptable,” there will be no reduction the Required Letter of Credit Support Amounts or the Required Liquid Credit Support Amounts, as set forth .in Table 4 below.

A cap on the reduction will apply if, as determined by the CET, the Portfolio Exposure including the proposed transaction exceeds the applicable “Portfolio Exposure Cap” set forth in Table 4 below. Bidders may obtain their respective Portfolio Exposures credit quality ratings of Seller or Seller Parent Guarantor (“Acceptable” or “Not Acceptable”) by the CET prior to the start of the Proposal Submission Process by requesting the same from the Bid Event Coordinator no later than thirty (30) days before the Required Proposal Submission Deadline. If the credit quality rating of Seller or Seller Parent Guarantor is “Acceptable,” Bidder will also receive the conclusion(s) of the CET’s Portfolio Exposure analysis.

<i>Table 4. Required Letter of Credit Amount and Required Liquid Credit Support Amount Reductions for “Acceptable” and Not “Acceptable” Creditworthiness of Seller and/or Seller Parent Guarantor</i>		
CET Evaluated Credit Rating of Seller or Seller Parent Guarantor	Required Letter of Credit Amount or Required Liquid Credit Support Amount Reductions	Portfolio Exposure Caps
Acceptable	The lesser of (i) 50% of the Required Letter of Credit Amount or Required Liquid Credit Support Amount and (ii) the difference between the Portfolio Exposure Cap and the Portfolio Exposure without the proposed transaction	Eligible Agency Ratings (using the lowest rating if more than one applies): <ul style="list-style-type: none"> • BBB+/Baa1 & higher: \$75 million (M) • BBB/Baa2: \$62.5M • BBB-/Baa3: \$50M No Eligible Agency Ratings: \$50M but determined by the <u>CET to be “Acceptable” in its sole discretion: \$50M</u>
Not Acceptable	\$0	N/A

A “Credit Event” will negate any reduction in the Required Letter of Credit Amount or the Required Liquid Credit Support Amount and require Seller to provide the full, unadjusted Required Letter of Credit Amount or Required Liquid Credit Support Amount. If the CET becomes aware that a Credit Event has occurred within the proposal evaluation period, the CET expects to reflect the effect of a Credit Event on Seller’s liquid credit support requirements in its evaluation of Bidder’s proposal.

The statements contained in this RFP are made subject to the Reservation of Rights set forth in Appendix E of this RFP and the terms and acknowledgements set forth in the Proposal Submission Agreement.

Appendix F Credit/Collateral Requirements

There are three “Credit Events.” The first is if and when Seller or Seller Parent Guarantor (whichever’s creditworthiness has led to the reduction in the Required Letter of Credit Amount or the Required Liquid Credit Support Amount) does not have an Eligible Agency Rating that is “Acceptable” under the criteria provided above, unless an Eligible Agency Rating was not the basis for the “Acceptable” rating prior to the Credit Event.

The second Credit Event is if and when Seller or Seller Parent Guarantor is Bankrupt.

The third and final Credit Event is if and when at least one of the following credit metrics for Seller or Seller Parent Guarantor (whichever’s creditworthiness has led to the reduction in the Required Letter of Credit Amount or the Required Liquid Credit Support Amount) is not met: (a) a CFO (cash flow from operations)/total debt ratio of at least 0.30, (b) a total debt/capital ratio of below 0.45, and (c) a total debt/EBITDA ratio of below 3.0 for Seller or Seller Parent Guarantor (as applicable). This Credit Event will be ignored and not apply (i) if, at the time of this Credit Event, Seller or Seller Parent Guarantor (as applicable) has an Eligible Agency Rating that is “Acceptable” under the criteria provided above and (ii) thereafter, for so long as such Eligible Agency Rating is continuously maintained.

Please see the definition of “Credit Event” and supporting definitions and terms in the Model BOT Agreement (Appendix B-1) or Model PPA (Appendix C) for more detailed information on Credit Events, the associated credit metrics, and [the effects thereof of Credit Events](#) on Seller’s credit support obligations to Buyer. Section 24.13(b)(iv) and (v) of the Model BOT Agreement [addresses and Section 12.5\(d\) and \(e\) of the Model PPA address](#) other potential Seller credit support adjustments triggered by events similar to Credit Events.

If a Credit Event has occurred, the Credit Event will terminate if and when the basis for the Credit Event does not exist (unless another Credit Event exists). At that point, subject to certain exceptions for BOT transactions provided in the Model BOT Agreement, [and so long as Seller has provided to ELL a Seller Parent Guaranty that remains in full force and effect \(if the Credit Event terminates after execution of the Definitive Agreement\)](#), Seller will be eligible to obtain the reduction in the Required Letter of Credit Amount or Required Liquid Credit Support Amount shown in Table 4 above. Similarly, if the credit rating of Seller or Seller Parent Guarantor that has been determined as of the Effective Date to be “Not Acceptable” later becomes “Acceptable” based on the criteria set forth herein, Seller will be eligible to receive the reductions shown in Table 4 above, subject to the same exceptions [and qualifications](#) referenced above.
