Notice of Release of Draft RFP Documents and Bidders Conference

Entergy Louisiana, LLC (ELL), has posted draft documents for the 2022 Request for Proposals for Renewable Resources for Entergy Louisiana, LLC (2022 ELL Renewables RFP), on the website for the 2022 ELL Renewables RFP, <https://spofossil.entergy.com/ENTRFP/SEND/2022ELLRenewablesRFP/Index.htm>.

Potential bidders and other stakeholders will have the opportunity to comment on the draft documents. Under the current schedule for the 2022 ELL Renewables RFP, comments are due by 5:00 p.m. CPT on May 25, 2022. All comments should be submitted by email to the Bid Event Coordinator at ellrfp@entergy.com.

The Louisiana Public Service Commission (“LPSC”) Staff has announced its intention to host a Technical Conference on the 2022 ELL Renewables RFP on May 12, 2022. ELL intends to hold a Bidders Conference immediately following the Technical Conference. Both conferences will be held via teleconference/webcast and open to all interested participants or stakeholders in the 2022 ELL Renewables RFP. Bidders or other parties that plan to participate in the Technical Conference and/or the Bidders Conference must notify ELL of its planned participation by no later than May 5, 2022. Participation notices should be sent to the Bid Event Coordinator to the email address referenced above and should include the name of the prospective participant and the name, title, email address, and telephone number of each individual representing the participant. Please see the Main Body of the RFP (included in the posted draft documents) for additional details regarding the Bidders Conference.

Please monitor the 2022 ELL Renewables RFP website for further information about the 2022 ELL Renewables RFP.
