Term Sheet for Asset Acquisitions

The following bid submission term sheet (this “**Term Sheet**”) describes certain terms and conditions of a potential Definitive Agreement (defined below) between Buyer and the seller specified by the applicable bidder (“**Bidder**”) in Bidder’s proposal submitted in the RFP (“**Seller**” and, together with Buyer (defined below), the “**Parties**”) for the purchase by Buyer of a natural gas-fired generation resource (or portion thereof) meeting the requirements of the RFP and related assets. The terms set forth in this Term Sheet will establish the basis for the negotiation and execution of a definitive acquisition agreement between Buyer and each Seller whose proposal is selected by Entergy Services, LLC (“**ESL**”), for contract negotiations (the “**Definitive Agreement**”), with necessary changes to accurately reflect any special exceptions set forth in Bidder’s proposal that are accepted by Buyer in its sole and absolute discretion. Buyer will provide the initial draft of the Definitive Agreement to the selected Bidder (if any) at the beginning of contract negotiations.

If Bidder is unable or unwilling to accept one or more of the terms and conditions set forth in this Term Sheet or wishes to propose any alternate or additional terms or conditions, Bidder should indicate in the “Special Exceptions” section of its Proposal Package (i) the terms and conditions to which Bidder takes exception, describing with specificity any terms and conditions that Bidder proposes in substitution therefor, and/or (ii) the additional terms and conditions that Bidder proposes as a supplement to the terms and conditions in this Term Sheet. Bidder is advised to refer to Section 2.4 in the Main Body for additional requirements and information pertaining to special exceptions. The term “including” in this Term Sheet will be construed to mean “including, without limitation.”

	Proposal Term	Description of Proposal Term
1	Product Description:	The product described in this Term Sheet is designated as the “ Asset Acquisition – Existing Resource Product .” This product provides for flexible generation capacity with a minimum of 50 MW (Summer Conditions, at full load, including duct-firing if included as part of the facility) from a designated natural gas-fired generation resource capable of meeting the requirements of this product (the “ Facility ”), as set forth herein and in the RFP. ¹
2	Buyer:	“ Buyer ” will be Entergy Louisiana, LLC (“ ELL ”) or its designee. For purposes of the RFP and the Definitive Agreement, Buyer will be considered an entity entirely separate and distinct from any Entergy transmission organization, and, without limiting the foregoing, the acts and omissions of any Entergy transmission organization will not be deemed to be acts and omissions of Buyer for any purpose arising out of or relating to the RFP or the

¹**NTD:** This Term Sheet assumes that the resource proposed to serve as the “Facility” herein is not a Pending Existing Resource (as defined in the RFP). If the proposed resource is a Pending Existing Resource, additional terms and conditions and other modifications to the terms and conditions set forth in this Term Sheet may be required and included in the Definitive Agreement (if any) for Buyer’s purchase of the Pending Existing Resource. See also Section 2.4 of the Main Body of the RFP.

The test will be conducted within a specified period prior to the target Closing Date pursuant to an agreed protocol. Subsequent tests may be required depending on the results of the previous performance test, intervening events or circumstances (e.g., major repairs to the Facility, material outages or mechanical issues, force majeure events), and/or modifications to the target Closing Date. Unless Buyer otherwise directs, each subsequent test will be performed by the contractor that performed the initial test. Final test results may give rise to a reduction in the Purchase Price or termination of the Definitive Agreement. Seller will not be entitled to any increase in the Purchase Price or any other compensation from Buyer if the test results indicate that performance for a particular metric or criteria is better than that required by the Definitive Agreement.</p> <p>The “Guaranteed Capacity” will be 100% of the Capacity of the Facility in Summer Conditions, in MW, as specified by Bidder in the applicable proposal. Buyer reserves the right to reject or renegotiate any existing LTSA or other applicable long-term maintenance agreement for equipment or systems under warranty with the original equipment or systems manufacturer and associated with the Purchased Assets. Although Buyer may evaluate any such existing LTSA, Buyer will be under no obligation to assume any then-existing LTSA (in whole or in part) at the Closing, except if, as, and to the extent provided in the Definitive Agreement.
