Appendix H Supplier Information

Bidder will be required as part of its Proposal Package to provide evidence of the strategies it utilizes or intends to implement to increase the capacity and scale of, or otherwise promote the development of, local or Historically Disadvantaged (“**HD**”) businesses that contribute to the economic growth of the communities served by Bidder and Bidder’s Affiliates. Bidder should include in its response a completed version of Exhibit A (attached) identifying local or HD contractors or subcontractors of Bidder or its Affiliates that are under contract (or are planned to be under contract) to provide contract goods or services for the proposed resource. ESL and EML request that proposals submitted in this RFP indicate the level (expressed as a percentage) of Addressable Spend (defined below) during construction that is expected with local and/or HD suppliers and the extent to which Bidder will guaranty the stated Addressable Spend levels in any Definitive Agreement. This information and other related information requested in Appendix D to this RFP may be considered by EML in selecting resources from this RFP. However, nothing contained in this Appendix H is intended to imply or impose any obligation on the part of Bidder to pay a premium for the utilization of HD or local suppliers. Consistent with good business practices, Bidders should address these objectives while maintaining competitive prices for goods and services procured from all suppliers and vendors.

In addition, Bidder will be required to provide as part of its Proposal Package evidence of its environmental stewardship. Such evidence could include evidence of its environmental policies or programs; a Supplier Code of Conduct utilized by Bidder; it’s or any parent’s waste targets and Energy/Green House Gas reduction targets; significant environmental achievements of Bidder or a parent thereof; and other practices or efforts of Bidder or its parent(s) to support social responsibility best practices, community engagement, sustainability and other environmental goals or objectives.

A “**local**” supplier is generally defined for purposes of this Appendix H as a supplier that has an office located within the State of Mississippi or any of the other states in which the Entergy regulated utilities operate (Arkansas, Mississippi, Texas and Louisiana) and engages in business in such state through that office.

“**HD**” suppliers are generally defined for purposes of this Appendix H as follows:

WBE	Women Owned Business Enterprise	At least 51% owned
MBE	Minority Owned Business	At least 51% owned
VBE	Veteran Owned Business	At least 51% owned
SDVBE	Service-Disabled Veteran Owned Business	At least 51% owned
HUBZone	Small business operating in a historically underutilized business zone owned and controlled by one (1) or more US Citizens	At least 35% of its employees reside in a HUBZone
LGBTQIA+	Lesbian, Gay, Bi, or Transgender, Queer, Intersexual, Asexual, and more owned business	At least 51% owned

The statements contained in this Appendix H are made subject to the reservation of rights set forth in Appendix E and the terms and acknowledgements set forth in the Proposal Submission Agreement.

Appendix H Supplier Information

“Addressable Spend” means the total costs and expenditures for the EPC work to be performed by or for Seller for the resource to be constructed pursuant to, and any other work in connection with Seller’s performance of its obligations under, the applicable Definitive Agreement, excluding the costs and expenditures for goods and services to be provided (i) by original equipment manufacturer (OEM) suppliers, (ii) by one or more named suppliers required by Buyer in the applicable Definitive Agreement (including in connection with any customized or quasi-customized goods engineered to Buyer’s specifications, such as engineered parts or equipment), (iii) directly by Seller or any of its Affiliates, and (iv) with respect to PPA transactions, by operation and maintenance (O&M) providers.

Contract Requirements for HD and Local Addressable Spend

If Bidder’s proposal indicates that Bidder will use HD and/or local suppliers, the Definitive Agreement between EML and Bidder selected to provide products and services under the RFP will contain, at a minimum, the following key terms:

- (i) Seller will be required to comply with a contracting plan for the retention of, and target Addressable Spend for, HD and local suppliers.
- (ii) In the event of non-compliance with the plan, Seller may be required to take corrective actions to ensure Seller’s adherence to the plan and Buyer may have other remedies to be included in the applicable Definitive Agreement.
- (iii) Seller may be required to participate and provide information and materials for periodic performance review meetings with EML.

The statements contained in this Appendix H are made subject to the reservation of rights set forth in Appendix E and the terms and acknowledgements set forth in the Proposal Submission Agreement.
